

Mobile SIM Only Overview

The best deal for your
business mobile.

Helping businesses to evolve through technology transformation

The best deal for your business mobile

It's hard to find the right rates and simplified tariffs for an increasing mobile workforce - how do you know you're getting the best deal?

Mobile is getting complicated

All businesses need their employees to be available on mobile, and some businesses need employees to travel across countries. But with smartphones and tablets now using data intensive apps, and with variable roaming charges and tariffs, contracts can get really expensive and you're never sure you're getting the best deal.

As a business, you need your employees to use email, social media, file sharing and video/audio conferencing on the go, without getting stung retrospectively. A lot of businesses don't know how much they pay for their total company-wide mobile contracts.

Forget the complication. We'll make mobile simple for you.

SIM only deals

Telefonix addresses these challenges with one tariff and simple bolt-ons if needed, providing a range of SIM only options to adapt to different businesses.

There's no catch, just competitive pricing with a 30 day contract!

Features & specifications

- 30 days rolling contract with a cease fee of just £30 excl VAT per subscription if you decide to cease within the first 12 months, whether you require a PAC or disconnection.
- Upgrade to 4G for no extra cost.
- Euro Traveller tariff is standard. World Traveller bolt ons are available to suit your needs.
- 4G services are inclusive in the UK, and not supported or guaranteed outside of the UK when roaming.
- Dedicated mobile specialist support for carrier class networks.
- No cease fees after 12 months under our Customer Loyalty scheme.

Benefits

- Our 30 day rolling contract gives you great flexibility when your plans change. You can provide new employees with new contracts, and cancel contracts when employees leave your company.
- Increased ROI when you purchase SIM only contracts in bulk and when you stay longer with us.
- Competitive pricing and cost reduction for all users in your business.
- We make it simple for you. We provide an alternative to an increasingly complicated choice of tariffs, bolt-ons and charges and just give you straightforward pricing.
- We provide a dedicated account manager who understands the needs of your business and provides ongoing support to ensure you are receiving the best customer service.

Why Telefonix?

Telefonix have over 30 years experience in providing Telecommunications solutions and supporting growing businesses. Our customers benefit from long-term strategic partnerships and access to the latest and most advanced solutions in the market. Our SIM only solutions aim to simplify a complicated marketplace and provide the best value for your business, big or small. We do this by ensuring we provide the lowest monthly expenditure, even if you take our single provide offer with Vodafone or O2. A dedicated account manager will provide regular tariff reviews and ensure you have the best deals for your business.

We work closely with you to understand your business and support you quicker, with more dedication than if you deal directly with larger carrier companies. You can also ask about our SIM only solutions as part of a holistic health check of your business IT and Telecommunications. It's your choice.

About Us

Telefonix Voice & Data helps small, medium and enterprise companies in the UK with their Telecoms and IT needs, enabling them to thrive and expand. For more than 30 years our team of professionals have leveraged their deep technical expertise and industry experience to help clients design, implement and operate Telecoms and IT solutions which are fit for their businesses. We enable our clients to manage all of their Telecoms, and IT needs through a single, accountable source.

Whether you need support, are looking for product information, or would just like to find out a little more about us then please get in touch. We look forward to hearing from you.
